

ACCOMMODATION INFORMATION

1. STUDENT HALL RESIDENCE (DORMITORY)

The University of Zagreb Student Centre (Studentski centar u Zagrebu) is the institution that manage all student dormitories according to a system of quotas for available spaces. It is the responsibility of the Higher Education Institution to contact the Student Centre and recommend an international student. In case there are rooms available for the period of student's stay, the international student can get a room in the dormitory.

Exchange students coming to Zagreb, if available, may get accommodation in of student dormitories. If your wish to stay in on the student residence halls VERN' International Office will try to make room reservations in your name.

Due to lack of housing capacity student dormitory accommodation is not available to all students (neither for all Croatian nationals nor all international students). International students do not automatically receive student dormitory accommodation and they need to contact the VERN' International Office. You must be recommended by VERN' International Office in order to be accepted for dormitory.

As the number of beds available for exchange students is limited, Student Centre (SC) will determine vacancies and you will be notified about acceptance.
